## **AAN - Association Aquatique NorthShore**

---

**Distribution: Member pools and NAA executive**

**Subject: NAA 2020 Season**

Dear member pool executives,

I hope everyone is doing well amidst the current public health situation.

The NAA executive has decided to cancel all NAA 2020 events due to COVID-19, immediately nullifying the 2020 calendar. Unfortunately, too many variables would make it impossible to run a consistent season for all four disciplines, not to mention that in the summer months, it may be not in line with public health directives.

Where membership fees are concerned, we will not be collecting fees for 2020. However, all current member pools will keep membership status until 2021. For all questions and concerns, we remain at your service.

Please note that assemblies may still take place virtually; please consult your e-mail inboxes. I will be sending notices a week in advance as per the constitution.

I hope everyone stays healthy and I hope to see you all at NAA events in 2021. Thank you for your understanding.

Best regards,

Daniel Sikorski

NAA President
