

1 September 2022

Dear Chris,

As you are retiring from the NAA, we like to take this opportunity to acknowledge you for all your volunteer work as the president in the past and as the responsible one for our internet service for many years. We recognize the thousands of hours of work that you gave to the NAA. Your work permitted the NAA to organize hundreds of meets in four aquatic sports where thousands of swimmers were able to participate.

We understand that you did all of this work out of a pure heart, not requiring any credit. To do something unseen, not heard or spoken of, is the highest level of humanity you can have toward other human beings. As a volunteer for the NAA, you have embodied this humanity toward your fellow human beings. Chris, you will be missed by many and not forgotten. We like to say "Thank you" from the deepest part of our hearts.

We wish you all the best.

Martin Plante  
President  
Northshore Aquatic Association Inc.
